

WILUBE CHEMICAL INC.

Wilube Tooling

Wilube Chemical Inc., a technology leader for more than 50 years, offers more than lubricants - we also offer a broad line of **Fin Tooling** and **Punches and Buttons** for the Tool & Die Industry.

Wilube's Fin Tooling includes **punches and dies, feed fingers, and forming bushings** for heating, air conditioning, radiator, and condensing units used in transportation, commercial, and home applications. Contact Wilube for specifications and pricing.

For further information about the entire Wilube line of products for the metal working industry, contact Wilube:
